

## Electro- acupuncture device ACP

40 15588 81600 0

### Function/ Application

- Electro-acupuncture without needles
- Easy location and display of the acupuncture points (acoustic and optical signal)
- Stimulation strength individually selectable and can be checked on the LED display
- Stimulation manually or by timer (30 or 60 seconds)
- Safe and easy treatment without side effects
- Includes gold-plated acupuncture tip for ear acupuncture
- Including earphone, external electrode and solid storage box

### Content

- Electro- acupuncture device ACP
- Gold-plated acupuncture tip for ear acupuncture
- External electrode
- Earphone
- 2 Batteries (CR 2032)

### Technical data

- Stimulation voltage: max. 12 V to 500 Ohm; max. 100 V unburdened
- Amperage: max. 48mA peak to 500 Ohm
- Batteries: 2 x 3 Volt Lithium (CR 2032)
- Certified according to MPG with CE 0297

### Logistical data

Art. Nr.	81600
EAN Nr.	40 15588 81600 0
Dimension	32,0 x 22,0 x 8,0 cm
Weight	0,8 kg
PU / PALLU	4 / 180
